

Policy: Technology

Approved: 4/17/08

Amended: 1/19/17

Reviewed: 1/19/17

To provide optimum service to the public, the Bristol Public Library maintains an annually updated technology plan to serve as a guide for budgeting and purchasing decisions as well as a roadmap to future needs for the Library programs.

The Executive Director, persons responsible for the Library's information technology (IT) services, and department managers will develop the annual technology plans following city budget cycles. The technology plan will be reviewed and approved by the Board of Trustees at their December meeting.
