Introductory

We herewith present to the public our second edition of Bristol City Directory. Vol. I having appeared in 1901.

Only thoroughly experienced and capable men have been employed on the work. Extreme care has been used in gathering and compiling the information.

We believe we are furnishing our patrons a thoroughly reliable and useful work which will be of great value to the business and professional men of Bristol, as well as to the strangers visiting the city. A Directory is an index to a city in the sense that it enables one to find readily any person, business firm or institution. It is also, in a wider sense, an index to the Wealth, Growth, Enterprise and Public Spirit of a City. An up-to-date Directory, well filled with advertisements, *means* a live city. The twentieth century business man knows this. As evidence of this fact we refer to the advertising department of this book. It is our aim to improve the usefulness and accuracy of this work with each succeeding issue and to this end we cannot urge too strongly the importance of having all the houses uniformly numbered, and the streets properly named and marked by proper signs.

The alphabetical list contains, exclusive of firms, corporations and various institutions, 4,596 names. Multiplying these by 3, the ratio generally accepted by Directory publishers, we have 13,788 as the population of Bristol.

We want to thank the merchants for their liberal support in advertising, and also the general public for their uniform kindness to our solicitors who gathered the information.

Respectfully,

HILL DIRECTORY COMPANY, Publishers,

Home Office, 1109 East Main St.,

universal double key board visible writing

— TYPEWRITER —

THE COLUMBIA

universal single key board visible writing

— TYPEWRITER —

With either of these machines a written guaranty is given specifying that the entire cost of repairs will not exceed \$10 in four years' time and that they will have an exchange value of \$50 four years from date of purchase. This reduces the cost of a typewriter to a minimum and enables the smallest business to secure a writing machine.

We will be glad to correspond with parties desiring new or second hand typewriters. We carry a full line of typewriter accessories for all machines, and our mechanics are skilled in the art of rebuilding and thoroughly overhauling machines of all makes. Standard machines always in stock for rental purposes at \$3 per month.
