PREFACE

Furnished by A. I. Hays,
Secretary Chamber of Commerce, Bristol, Va.-Tenn.

Population U. S. Census—1920:

Bristol, Virginia	6,729
Bristol, Tennessee	8,047
Total	14,776

Estimated population July 1st, 1925:

Bristol, Virginia	10,150
Bristol, Tennessee	12,100
Total	22,250

Bristol, Tenn.-Va., a city, including suburban districts of more than 25,000 population, is one city in two States, with population almost equally divided on opposite sides of the State line.

It was here in the course of the general movement southward and westward in the development of our great country that the principal line of railway through Virginia met in its construction a similar line through Tennessee. These two lines of transportation, now among the most powerful and efficient in the country, have maintained Bristol as a terminal point from the days of original construction in 1856. Thus as a terminal point for the Norfolk & Western Railway system, and the far-reaching lines of the Southern Railway system, with the important connections of each, Bristol has enjoyed transportation facilities ample to guarantee her continuous opportunities as a commercial, manufacturing and tourist center.

Bristol enjoys the reputation of being the center of widely advertised good roads activity and is rapidly becoming the headquarters for the good roads movement in the Central South. The city is located on the Lee Highway which is a counterpart of the Lincoln Highway. All good roads projected in the central section of the South lead to Bristol. Bristol is the common point for all tourists over the roads of this section, on account of the road improvement throughout this section and her good hotel facilities. Bristol is a resort where people may spend their summers in the full enjoyment of their outing. Visitors in midsummer find light wraps comfortable during the late afternoon and evening hours. Bristol has an elevation at the Union Passenger Station of 1,760

feet with the rim of residence hills 2,000 feet. The mountain passes that lead into the valley are funnels for cool breezes day and night, the mean temperature during June, July, August and September being 71.3 degrees.

These advantages, coupled with the ideal climate and beautiful mountain scenery, have been augmented by reason of the vast natural wealth of the entire region. By the construction of branch lines of railway, Bristol has not only gained additional trunk line connections, but has been put in direct touch with the vast coal deposits of Virginia to the immediate northwest, the iron and maganese deposits of upper East Tennessee and Western North Carolina, vast timber areas in all directions, including choice hardwood boundaries, extensive clay, feldspar, mica, silica and mineral deposits, a rich agricultural and grazing territory, choice horticultural areas—all offering abundant opportunities for capital and development. Not only this, but Bristol has for the same reason enjoyed traffic facilities and freight rates that have in the main placed her in easy reach of the larger cities and the most promising markets and made her a jobbing center of large proportions.

Bristol has not failed to take advantage of these opportunities but has steadily forged ahead in proportion to her population and wealth, until she has gained a position of no mean proportions among the more active and progressive communities of the South. Her history has been free from the "boom" element, and her growth steady and substantial. Her business men are men of conservative disposition, and frank and liberal in their dealings.

Bristol's public and civic improvements have advanced with like spirit, while her churches, public schools and colleges have taken rank with the best in the Church. Investments in schools and colleges now aggregate more than $3,000,000, including two noted colleges for young women and one for boys. Church properties have gained with equal speed, and now every denomination is represented with a handsome modern edifice.

The social, religious and educational opportunities are unexcelled in any Southern community.

Good people and outside capital are ever welcome and men of enterprise and energy seeking opportunities in the New South in this its grat era of modern development, will be given a cordial welcome here with every assurance of fair and cordial treatment in whatever line of development they may engage.

The Bristol Chamber of Commerce, representing the business and civic interests of the community will gladly give information to those in quest of new and inviting opportunities.

BRISTOL CHAMBER OF COMMERCE,
A. I. Hays, Secretary.

G. D'W. Marcy, Boston.
H. J. Farnham, New Haven.
Llew. Williams, Jr., Cincinnati.
J. L. Hill, Jr., Richmond.
H. A. Manning, Springfield.
J. M. Gardner, Toronto.

General Offices: 524-528 Broadway, Corner Spring St., New York City

The Association of North American Directory Publishers is composed of rep table City Directory Publishers, organized for the general advancement of the Directory business Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First: The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employes.

Second: To provide protection to the public against fraudulent advertising schemes which operate under the name of Directories, and to drive unprincipled promoters of the same out of business.

Third: To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth: For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

All members of this Association have subscribed to the following

STANDARDS OF PRACTICE

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under such headings as best describe it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories and reference media contain; to study public needs and make Directories and reference media to supply them; to revise and standardize methods and classifications so that what is wanted may be most easily found, and the Directory and reference media be made to serve their fullest use as business and social reference books and Directories of buyer to seller and seller to his market.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publication.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicly upon its accessibility to seekers as well as on the number of copies circulated.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of Directories and reference media in public service and then to strive in every legitimate way to promote that function.

$100 reward will be paid by the association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fraudulent or fake Directory.

Direct Mail Advertising

Every detail connected with Mail Advertising is important and should be handled by experts. We have built up a reputation of which we are proud and have learned from years of experience the best way in which to meet the problem of sending out mail matter quickly without sacrificing accuracy and neatness.

For thirty-one years we have published city directories. This means the compiling of names and classifying them by trades, arranging them by streets and also alphabetically. Our directories (and we make over thirty towns) are recognized as being accurate and reliable.

For years we have had a department for taking care of all branches of Direct Mail Advertising. From our library of directories, covering the entire United States, we compile mailing lists which will bring results. That is, they will bring results if the printing, letter work and mailing details are properly handled.

Let our mailing department become **your** mailing department and let us call and go over your problems and help you if we can.

Carbonic Acid	91.2
Total Mineral Contents	185.7

Combined as	
Calcium Bicarbonate	97.2
Magnesium Bicarbonate	32.7
Potassium Sulphate	6.0
Alkali Bicarbonate	35.4
Lithium Chloride	Trace
Sodium Chloride	1.8
Iron and Alumina	4.2
Silica	8.4
	185.7

Free Ammonia .0033 Albuminoid Ammonia .011
Nitrates None C. on Bacteria, None Nitrates .09

This water is a typical natural spring water of an exceptionally high degree of purity and from a knowledge of the character of other well known table and potable waters, it can be justly stated that it is one of the purest natural spring waters found in America.

Respectfully submitted, HENRY C. FULLER, Director.

Before me appeared this day Henry C. Fuller, Director of The Institute of Industrial Research of Washington, D. C., to me known, and acknowledged the above certificate to be his act and deed. Washington, D. C., June 14, 1923. MARIE ROLAND, Notary Public.

PRICES TO THE CONSUMER F. O. B. SPRING:

Five Gallon Carboy $3.50
(Rebate of $2 upon receipt of carboy and crate in good condition)

Case of 12 one-half gallon containers $4.50
(Rebate of $1.00 upon return of cases and containers in good condition)

WYRICK MINERAL SPRING WATER possesses marvelous medicinal properties. Desired results absolutely guaranteed or money refunded when used exclusively, frequently, regularly and in large quantities, for diseases of the skin, eczema, disorders of the stomach and liver, uterine, kidney and bladder troubles, rheumatism, diabetes and gout.

Free Health Book with analysis and testimonials gladly sent upon request.

Have You a Radio In Your Home?

If you haven't, we will be glad to advise you. The surprising thing is how inexpensive they are, especially when compared with the thrill that comes when you hear the broadcasting of news, music, sports, lectures and bed-time stories.

Let us install one of the following sets: Atwater-Kent, Magnavox, Radiola, Zenith or Crosby Trirdyn.

Demonstration in your home will convince you.

We handle only standard sets and genuine Radiotron Tubes and accessories.

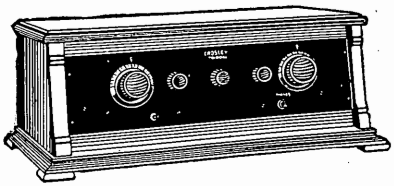

The Bristol Radio Company guarantees every Radio article it sells. Each set or part must satisfy—or your money back.

A DIRECTORY LIBRARY MAINTAINED IN NEARLY EVERY CITY IN THE UNITED STATES AND CANADA

You pay only for a *local* advertisement, But you get *national* circulation

In hundreds of cities there are Directory Libraries—where Directories may be found for practically every city in the United States and Canada.

There's one here—and it is surprising to see how often it is used.

Out in San Francisco—or in Boston or Denver some one may want to find your name or your address or the name or address of some one in your line of business. They use their local Directory Library and find you!

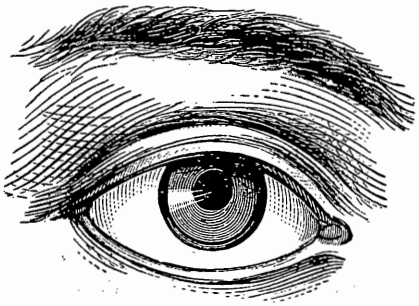

There is no extra charge for this—either for the circulation or the use of the Library.

Your advertisement in the City Directory is national. Any one classification may secure the largest order and the best customer any or every day in the year, and its omission may lose a large order at any time.

An Advertising Medium

is judged by its advertisers. This City Directory boasts the cream of Bristol's merchants and business men. You can't go wrong by dealing with them.

The EYE is seventeen times stronger than the EAR.

Research has proven that impressions received through the eye are seventeen times more effective than those received through the ear.

Your advertisement in the City Directory reaches the vision of your prospects all over the city 365 days in the year, because some one is using it every hour in the day.

H. J. Farnham, New Haven.
Llew. Williams, Jr., Cincinnati.
J. L. Hill, Jr., Richmond.
H. A. Manning, Springfield.
J. M. Gardner, Toronto.

General Offices: 524-528 Broadway, Corner Spring St., New York City

The Association of North American Directory Publishers is composed of rep table City Directory Publishers, organized for the general advancement of the Directory business Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First: The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employes.

Second: To provide protection to the public against fraudulent advertising schemes which operate under the name of Directories, and to drive unprincipled promoters of the same out of business.

Third: To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth: For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

All members of this Association have subscribed to the following

STANDARDS OF PRACTICE

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under such headings as best describe it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories and reference media contain; to study public needs and make Directories and reference media to supply them; to revise and standardize methods and classifications so that what is wanted may be most easily found, and the Directory and reference media be made to serve their fullest use as business and social reference books and Directories of buyer to seller and seller to his market.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publication.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicly upon its accessibility to seekers as well as on the number of copies circulated.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of Directories and reference media in public service and then to strive in every legitimate way to promote that function.

$100 reward will be paid by the association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fraudulent or fake Directory.

B. K. MERRYMAN CO.

(Incorporated)

"A Good Place to Shop"

Service as We See It

What we have done is something more than to make this a good store. We have made it a good place to work in and have created a sympathetic atmosphere to work in. In this environment, and with all our preparedness and ability to give service, is the unselfish and sincere desire of each officer and each employee to kindle a responsive interest in each person who trades at this store to the end that all customers may actually feel a very definite satisfaction in being associated with a store of this character.
