**The Sign
over your door**

tells the passer-by that you are there ready to serve him.

But you also want to tell people, in all parts of the community, where you are and what you do.

The sign is only seen, however, by the small portion of the population who pass your way. Being fixed, it cannot reach out and tell somebody, a good prospect, on the other side of town about your business.

But
**Your Directory
Advertising**
*is before the
entire community*

It directs buyers from all parts of the community to your business and to any particular service which they may require.

The advertisers stand out as the leading and permanently progressive firms of the community.

You should make it easy for people to find you by putting in the directory such information as a buyer wants to know.

For FREE suggestions on how to make your advertising most effective write—

Kelly Welding Service

CHAS. P. KELLY, Owner and Manager

825 State Street

Bristol, Va.

Phone 149-J

(Nights and Sundays call 886-W)

Some jobs require Electric Welding, and some Acetylene. Being equipped for both we choose which ever is best. We carry the most complete assortment of welding rods in this section, having in stock more than a hundred different kinds and sizes—mild steel, medium-carbon steel, high-carbon steel, manganese steel, nickel steel, chrome-molybdenum steel, stainless steel, cast iron, bronze, aluminum, copper, phos-copper, phosphor-bronze, monel, white-metal—bare, coated and shielded-arc electric rods—various hard-surfacing alloy rods that wear two to six times as long as the best steel. In our shop, selection of the best rod is only second in importance to choice of the best method. As a result we have had outstanding success in the repair of heavy parts subject to extreme strain, such as road and rock-crushing machinery, including the rebuilding of rock-crusher jaws. Less than one weld out of a hundred that we make fails to give permanent or satisfactory service. We have made more than ten thousand welds for one customer and he reports that he has not had a single failure. We give our best thought and skill to every job, with the primary aim of saving our customers expense and trouble. Our charges are made only sufficient to cover the necessary cost of turning out a job that will give permanent service. Why not let us help you on some of the repairs that have been giving you trouble? We are always glad to give information or advice without cost on any welding problem.

The City Directory

is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern, up-to-date method of getting what you want.

TRADE! You like
to patronize those concerns
who are in business to stay.

It's human to expect that such business establishments always stand back of the wares they sell.

The advertising in this Directory is suggestive of the stability and permanency of the advertisers.

Frauds, fakes, get-rich-quick and other schemers have little use for directory advertising. It lives too long.

The modern City Directory is a business institution. It occupies a place peculiarly its own. It is as necessary to the progress and development of a city generally as anything naturally would be which deals with such a fundamental as the citizens themselves.

If you are not advertising your business in the Directory, may we explain how and why it will pay you?

THE PUBLISHERS

CITY DIRECTORY USES

1. SALES PROMOTION:

a. Sales Analysis—

Comparing present amount of business obtained in a given area with possible maximum business in that area. The Householders' Directory shows the classes of business located on a street, in office buildings, in sections of the city, etc. In checking up salesmen's calls on business in an assigned territory the directory presents a picture of how many places have not been reported upon, and shows a ready list of prospects for your goods or service.

b. Leads—

Determining proper official to approach for sales interview. The alphabetical listing for each business and professional concern, shows the names of the owners, partners or officers.

c. Selected districts—

Determining parts of city best suited for increasing business. The Householders' Street Directory shows the exact type of business or residences along each street of the city—and shows if the occupant of the home is the owner.

d. Building mailing lists and direct mail campaigns—

1. **List of local people (Neighborhood List)** within a given radius of Business location. On a city map, draw a circle to include the territory you wish to cover in your neighborhood list. From the map you can obtain the name of each street with intersections in the circle you have drawn. In the Householders' Street Directory you will find the correct name of the occupant at each house, or building on these streets. This will give you a 100% list of the territory desired.
2. **Lists of business houses and the professions**—The business directory at the end of the book classifies every business and profession according to the nature of the business. Complete lists such as doctors, lawyers, printers, garages, auto dealers, furniture stores, contractors, etc., can be found in this classified directory section.
3. **Vocational Lists**—Such as clerks, stenographers, telephone operators, carpenters, salesmen, purchasing agents, laborers, etc. The alphabetical directory shows the occupation of every individual in the city.
Run over the alphabetical pages—check marking the persons whose occupation is the one wanted for your list. This will give you a complete and accurate list for the entire city.

2. CREDIT:

a. Verifying customer's statements and information.

b. Information about customer.

Correct name, address, where employed and wife's name is given in the alphabetical directory for every individual. Whether he rents or owns home is usually shown in the Householders' Directory.

c. Determining character and stability of applicant for credit.

This directory gives his present occupation and residence. By referring to each yearly edition of the directory for the past few years, it is quickly determined whether the applicant holds the same job and residence, or flits from one job to another and one residence to another. After the new directory is delivered to you keep the old one on file. Never destroy it. You'll find old ones invaluable in checking your past records.

FOR EVERY BUSINESS

d. Identifying applicant and applicant's references.

The alphabetical directory gives complete information for each individual. (See Information about customer). The references given by the applicant for credit, can be identified in the same manner—who they are, what position they hold, etc.

e. Collecting accounts.

Tracing and locating debtor. Locating other members of debtor's family or relatives.

3. DELIVERY AND SHIPPING:

a. Routing—laying out route for delivery.

Use description of streets in the Householders' Street Directory, with an indexed map of the city for locating and laying out delivery route.

b. Obtaining correct addresses.

Where numbers on shipping instructions are not plain, or only street is given, the correct number can be found in the alphabetical or Householders' Street Directory.

c. Locating streets, buildings, un-numbered houses.

A full description of every street—with location is given in the Householders' Street Directory. When the address given is an apartment or building without street and number being given, the alphabetical section will give you the correct street and number for that building. Many buildings on streets are not numbered—or badly numbered—making it difficult to find the building wanted. The Householders' Street Directory shows the location of the buildings along the streets.

4. PURCHASING:

The complete classified business section in the back of this directory, makes available all sources of goods wanted; assists in selection of most reliable and satisfactory firms to deal with; the nearest companies to facilitate delivery of purchases, and determining the proper official of firm to deal with. The standard classified headings are complete and show all firms under the proper headings. There are many special headings marked with an asterisk (*) showing firms in display type. These firms are progressive and desire a more complete classified representation of their products.

5. GENERAL INFORMATION:

The Alphabetical Directory lists—Persons' full name and correct spelling, occupation, where employed, street address of residence, if married gives wife's name, head of house or roomer, renting or owns home. Lists all corporations showing officers, all partnerships showing partners, all individual business showing proprietor. All public officers, clubs, associations, etc.

The Householders' Street Directory shows every street—a description of its location, all occupants on each street, the ownership of the property and all intersecting cross streets.

The Classified Business Directory shows all business in the city arranged under heading most descriptive of the nature of the business.

INTRODUCTION

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories, present to subscribers and the general public, this, the 1934 edition of the Bristol City Directory.

Confidence in the growth of Bristol's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Bristol to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Bristol Directory will fulfill its mission as a source of authentic information pertaining to the city.

Four Major Departments

The four major departments are arranged in the following order:—

THE BUYERS' GUIDE, pages 17 to 44, printed on tinted paper, contains the advertisements of leading manufacturing, business and professional interests of Bristol. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Bristol, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is included in pages 45 to 345. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Bristol, and the name, official personnel, nature and address of each firm and corporation in the city.

THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, covers pages 349 to 409. In this section the named streets are arranged in alphabetical order, followed by the numbered streets in numerical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 413 to 460. This department lists the names of all business and professional concerns in alphabetical order un-

der appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

Municipal Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Bristol. There are nearly 450 of these Directory Libraries, installed and maintained in the chief cities of the U. S. and Canada through the courtesy of members of the Association of North American Directory Publishers, under whose supervision the system is operated and of which the Hill Directory Co. is a member.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

HILL DIRECTORY CO., Inc.,
Publishers.

BRISTOL

"A GOOD PLACE TO LIVE"

Statistical Review

Form of Government—Va., city-manager; Tenn., commission.

Population—Total, 20,845; males, 9,927; females, 10,918; total colored, 2,143; white males of age, 5,043; white females of age, 5,753 (1930 U. S. Census). Local estimate at present, 25,000. American-born, 99.3%.

Area—5.5 square miles.

Altitude—1,689 feet.

Climate—Mean annual temperature, 61.6 degrees F.; average annual rainfall, 51.2 inches.

Parks—1, valued at \$20,000.

Assessed Valuation—Va., \$7,604,845, with \$2.60 per \$100 tax rate; Tenn., \$7,642,871.55, with \$3.85 per \$100 tax rate.

Bonded Debt—Va., \$1,182,500; Tenn., \$1,358,500.

Financial Facts—3 banks and 1 trust company, with total deposits of \$5,000,000 (Jan. 1, 1934), and total resources of \$6,000,000 (Jan. 1, 1934). 1 building and loan association.

Postal Receipts—\$140,372.81 (calendar year 1933).

Telephones in Service—3,786.

Churches—32, representing leading denominations.

Real Estate—Approximately 5,550 homes.

Industry—Chief industries of city and surrounding territory: Manufacturing and agriculture. 53 manufacturing establishments, employing 1,312 men and 1,500 women, paying wages of \$2,375,218 annually, and having products valued at \$13,776,091 annually (last report). Principal manufactured products: Paper and pulp, leather belting, mine cars, veneers, overalls, furniture, paper boxes, mirrors, caskets, structural steel, thread, underwear, drugs, candy, lumber and building material.

Trade Area—Retail area has radius of 50 miles, and population of 300,000; wholesale area, radius of 100 miles, and population of 500,000.

Newspapers—2 dailies.

Hotels—5, with total of 600 rooms. Newest hotel opened in 1927.

Railroads—2: Norfolk & Western and Southern.

Airports—1, municipal.

Amusements—Largest auditorium in city seats 1,250 persons. 3 moving-picture theatres, with total seating capacity of 2,625 persons. 2 golf courses.

Hospitals—5, with total of 110 beds.

Education—Sullins College, Virginia Interment College and King College located here. 16 public schools, including 2 senior high.

Public Libraries—1, with 6,211 volumes.

City Statistics—Total street mileage, 80, with 70 miles paved and 2 miles under construction. Number of light meters, 5,053; gas meters, 1,605. Daily average pump of water works, 3,500,000 gallons. Fire department has 33 men, with 2 stations. Police department has 15 men, with 2 stations and 8 pieces of motor equipment.

General Review

Bristol, Virginia-Tennessee, is located on the line dividing the states of Virginia and Tennessee, the state line being the center of State Street, the principal street of the city.

Bristol is located in a beautiful valley surrounded by mountains on all sides, many of those in view being from 3,800 to 5,000 feet above sea level. Bristol's elevation is 1,689 feet.

The slogan on the electric sign across State Street, "A Good Place to Live," is very applicable, for Bristol is all that one could wish as a good place to live.

It has an ideal climate, with absence of extremes. The mean annual temperature is 61.6 degrees, with the lowest in January and the highest in July. There is very little humidity, and an annual rainfall of 51.2 inches, with an average of seventy-one days in the year having one-hundredth of an inch or more of precipitation. These temperatures are very conducive to good health.

Bristol has an abundant supply of water coming from several springs. It has not suffered the inconveniences that other cities have for the want of water during severe dry periods.

It is located in a section furnishing an abundance of electric power, with facilities for increasing the quantity of power whenever needed.

Bristol has always been the hub, or center, of the south-west Virginia and east Tennessee section. The beginning of this was in 1856, when this point became the junction of the two railroads, one going east through Virginia, and the other south and west through Tennessee. Now these two railroads, which are the Norfolk & Western and Southern, with their connections, reach from coast to coast, giving Bristol exceptional railroad facilities.

Hard-surfaced highways, which carry so much travel at the present time, radiate from Bristol in every direction.

This city has many places of historic interest and scenic beauty, which make it a mecca for auto tourists. It is on the scenic route between the North and the South, the

Middle West and the South, the Northwest and the South. The surrounding country in the spring, with the green trees and shrubs and the beautiful mountain flowers in bloom, or in the fall, when the leaves are turning to red and gold, makes a picture unsurpassed by any other section.

Bristol is located in the heart of the Unaka National Forest Reserve, which embraces 210,000 acres of forest land and is projected to be twice this size. It is also near the Smoky Mountain National Park, which is rapidly developing. When this park is completed it is estimated that there will be more visitors than to any other park in the U. S.

Bristol Country Club

WOPI Broadcasting Station

At Bristol are maintained two of the most up-to-date camps for boys and girls. Camp Cherokee, for boys, is located on the Holston River about 14 miles from Bristol in the heart of the Holston Mountains. It is one of the largest and best-equipped boys' camps in the South. Camp Sequoyah, for girls, is located on the outskirts of Bristol and is becoming nationally-known on account of its many advantages, both for health and pleasure.

Two of Bristol's High Schools

Bristol has a Welfare Council, Salvation Army, Y. M. C. A., Day Nursery, Old Ladies' Home, Red Cross and Boy Scouts organization. There are four civic clubs—Rotary, Kiwanis, Lions and Civitan—which meet weekly at luncheon.

Bus lines center in Bristol and at the present time there are six bus lines operating out of the city.

Sullins College

King College

Virginia Intermont College

Bristol is the center of one of the richest agricultural sections, with crops of a diversified nature. It is in the heart of the Blue Grass section, where the finest of cattle, sheep and hogs are raised, and now the dairy and poultry industry is rapidly developing.

Bristol has manufacturing plants of several kinds, and is not dependent upon any one line of industry, therefore, ordinarily it does not suffer with financial and industrial depressions felt in other places.

It is noted as a jobbing center, and has jobbing houses selling every line of merchandise. Its retail stores are known over the entire section, for they are such that would do credit to a city of 100,000 population.

Bristol's religious and educational advantages are unexcelled, with its thirty-five churches of all leading denominations and three colleges: Virginia Intermont College and Sullins College for young women, and King College, coeducational. In addition to the colleges, there are two high schools, and eleven grade schools for white and three for colored children.

This city has splendid banking facilities, and the banks have always been very liberal in assisting in the financing of industrial and business enterprises of merit.

The mountains in this section are rich in minerals and timber. There are twenty-five different minerals and sixteen varieties of commercial timber.

The abundance of Anglo-Saxon labor, both male and female, the climatic conditions, cheap power, advantageous freight rates, available building sites, natural resources roundabout, and low cost of building construction, make Bristol a very desirable place for the location of industrial plants.

Bristol welcomes you to come and do your buying and selling, to go into business here, to build your new industry and make your home, and add to the high type of citizenship, of which the city is very proud.

Any information regarding the civic, business or industrial interests of Bristol will gladly be furnished by the

BRISTOL, VIRGINIA-TENNESSEE, CHAMBER OF
COMMERCE,

H. W. Hodges, Secretary.

ner of these United States

**Are You Properly
Represented In It?**

**The Classified portion
catalogues the professions
and goods handled here**

ARE YOU LISTED UNDER YOUR PROPER HEADING
SO THE PROSPECTIVE BUYER CAN FIND YOU?

“Think It Over”

TRADE! You like
to patronize those concerns
who are in business to stay.

It's human to expect that such business establishments always stand back of the wares they sell.

The advertising in this Directory is suggestive of the stability and permanency of the advertisers.

Frauds, fakes, get-rich-quick and other schemers have little use for directory advertising. It lives too long.

The modern City Directory is a business institution. It occupies a place peculiarly its own. It is as necessary to the progress and development of a city generally as anything naturally would be which deals with such a fundamental as the citizens themselves.

If you are not advertising your business in the Directory, may we explain how and why it will pay you?
