... Preface ...

Bristol, Virginia-Tennessee

"A Good Place to Live"

Bristol is the largest community in the United States located directly upon a state line where the two cities which make up the community are divided in the center of its main business thoroughfare. The total population of the two cities, including the settled urban

County, Virginia. The first person to have title to the property was James Patton who purchased 1900 acres where the cities now stand for 9 pounds, 7 shillings and 1 six pence. At that time the territory was deemed to be a part of Virginia.

WHERE THE STATE LINE DIVIDES THE CITY

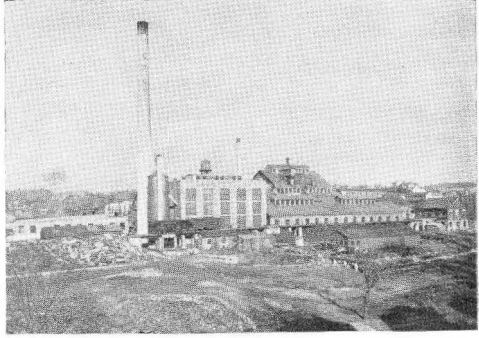

district lying immediately outside of its geographical city limits is approximately 32,000.

Bristol had its beginning in colonial days. The early name for the spot was Sapling Grove. First survey was made in 1749 by Charles Lewis of Augusta

A re-survey in 1779 gave the territory to North Carolina. In 1785 it became a part of the Free State of Franklin with John Sevier as governor. In 1771 Colonel Evan Shelby built a stockade and trading post where the frontiersmen of that day traded their skins for powder and lead. Daniel

Bristol, Va.

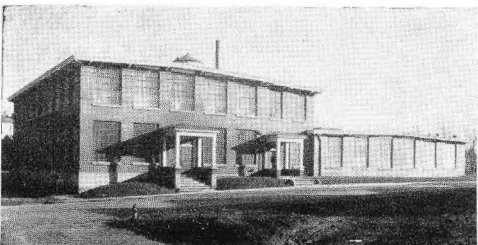

Boone was a frequent trader at Shelby Store. It was in this store that Campbell, Sevier and Shelby planned the campaign which resulted in the defeat of the British under General Ferguson at the Battle of Kings Mountain during the last days of the Revolutionary War.

In 1789 North Carolina ceded the territory to the United States government and there was immediately set up a territory called, "The Territory South of the Ohio River," with William Blount as governor. In 1796 a portion of this territory was cut off and admitted to the Union as the State of Tennessee. The line between Tennessee and Virginia was not definitely determined until some years later when it was arbitrarily placed by Acts of the legislatures and the decision of the Supreme Court in the exact center of the Main Street. This street was later designated as State Street.

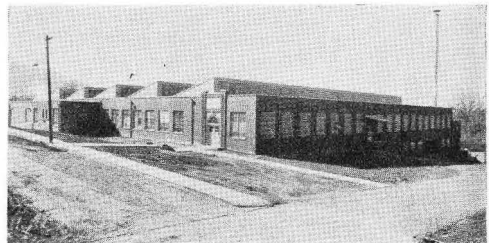

In 1856 a railroad reached Bristol. The Atlanta, Mississippi and Ohio Rail-

road, now the Norfolk & Western was built in from the East and the East Tennessee Railroad, now the Southern Railway, was built in from the West. From the very beginning of its development, Bristol has been an important trading center and has continued in this respect through all the passing years. It was not until the last years of the 19th century that Bristol began its development as an industrial center. The first industries of importance were iron and steel furnaces and wood-working establishments. Iron was found in the surrounding hills and the country was a vast forest of the finest hard woods. Iron working passed out with the developing of the cheap iron ore deposits in Michigan and Minnesota.

Within 80 miles of Bristol lay a vast supply of fine bituminous coal and this coupled with the supply of hard woods resulted in the development of other industries. Today its industries are diversified and these industries normally

give employment to over 5,000 people. Its leading manufacturers consist of paper, leather, veneers, mine cars, drugs, overalls, ladies and children's dresses, silk, rayon and cotton hosiery,

thread, knit underwear and other lumber and wood products, candy, caskets, machinery, rayon cloth, truck trailers, mirrors and other articles of commerce.

KING COLLEGE

King College, Bristol, Tennessee, was founded in 1867 by the Southern Presbyterian Church, and has been operated successfully since that time. For many years a college for men, it became co-educational in 1930, and now numbers 225 young men and women in its student body. It has a faculty of fifteen university trained men and women, and offers a standard liberal arts course leading to the degree of Bachelor of Arts. It is located two miles from the heart of Bristol on a beautiful wooded campus of sixty acres, formerly known as Anderson Woods. It is rated by state accrediting agencies as a standard four year college for men

and women, and its teacher training courses are approved by the Southern Association of Colleges and Secondary Schools.

Bristol early developed keen interest in education and its public schools systems are modern in every respect, with 2 high schools and 17 elementary schools for white students and 2 high schools for colored. It has three colleges of considerable importance. Sulins College and Virginia Intermont College, both girls schools, each accommodating in excess of 300 boarding students and many day students. King College, established in 1867, an important college is co-educational.

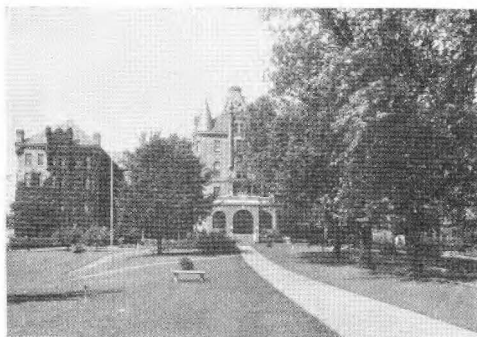

APPROACH TO KING'S COLLEGE
Bristol, Tenn.

Bristol Commercial College, a well-equipped business institution, prides itself in having successful graduates scattered the country over. These colleges are attended by students from

to the Southwest and makes up a part of the well-known and much traveled, Broadway of America. Highway U. S. No. 421 running from Cumberland Gap, Kentucky to Wilmington, North

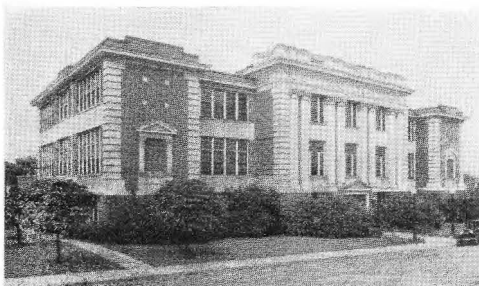

VIRGINIA INTERMONT COLLEGE
Bristol, Va.

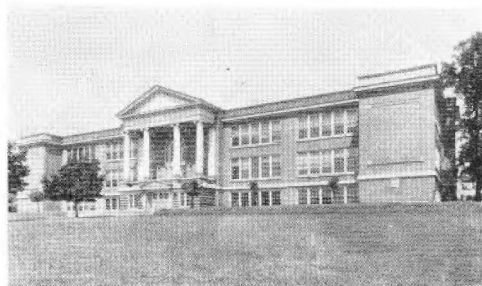

all parts of the United States and several foreign countries.

Excellent highways radiate in all directions. Highway U. S. No. 11 is the important highway from the Northeast

Carolina, is well paved and an important road. Bristol is surrounded by mountains, with an elevation up to 5,000 feet above sea level and within an easy driving distance of the city are

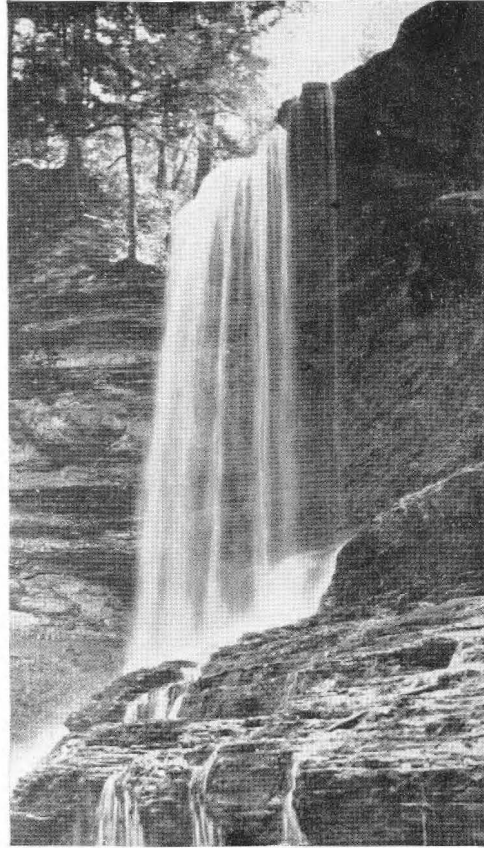

BRISTOL, TENN., HIGH SCHOOL

BRISTOL, VA., HIGH SCHOOL

many historic and scenic locations. Not far away is Roan Mountain on whose top 6200 feet above sea level, can be seen the most beautiful, natural Rhododendrum garden in America, in full bloom about June 15th. Six miles Northeast is Abram Falls, located in a forest with all the beauty with which nature endowed it. Not far away is the

sea level, it enjoys a summer temperature which is at all times delightful. A typical summer day might range from a temperature of 70 degrees at midnight to 86 degrees in mid afternoon. A typical winter day might range in temperature from 31 degrees at night to 50 degrees in mid afternoon. The annual rainfall is well distributed

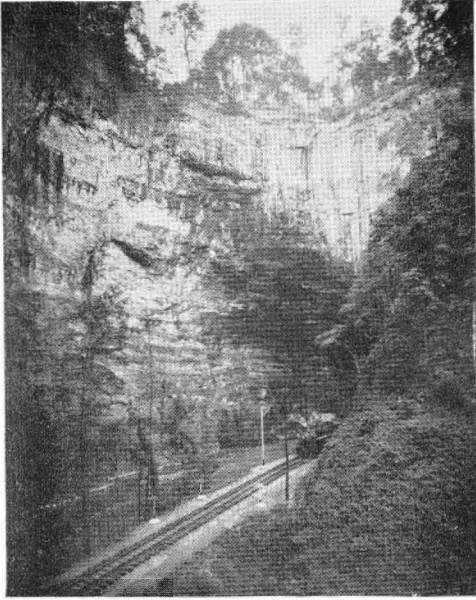

ABRAMS FALLS
Bristol, Va.

Natural Tunnel, one of the real scenic wonders of Virginia. This tunnel must be seen to be appreciated. To the South in the Holston Mountains is located the Unaka National Forest, literally filled with sylvan beauty.

Bristol's climate is moderate. With an elevation of some 2,000 feet above

throughout the year, and over a period of 20 years has averaged in the neighborhood of 45 inches per year, ranging from an average low of 2.66 inches in October to 4.78 inches in March. The months of May, June and July will average above 4 inches.

On the nearby rivers are many

NATURAL TUNNEL
Bristol, Va.
"One of Nature's Wonders"

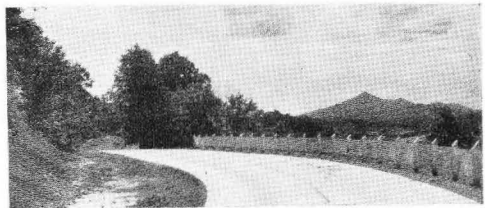

beautiful sites for camping and recreation. There are a number of well equipped commercial camps for both boys and girls. The Boy Scouts camp in the Holston Mountains is one of the best.

Bristol has a pure, abundant supply of water derived from several sources. On the Virginia side it comes from mountain springs. Bristol, Tennessee, is supplied from the Holston River by a very up-to-date, modern water works built in 1936-37 at a cost of over \$700,000. In addition to its splendid railroad service and its highways, Bristol is on the Southern Transcontinental Line of the American Airways and its airport, recently built at a cost of over \$750,000 is of the best. The large majority of Bristol's population are native born.

The foreign born population is less than 1% of its total, and its colored population does not exceed 10% of its total. The many advantages which can be had in the way of education, climatic and industrial conditions, make Bristol a desirable place of residence and it has adopted as a slogan, "A Good Place to Live."

Bristol has 3 banks with total assets aggregating \$8,226,973.49. It has 2 excellent daily newspapers, morning and evening. Its postal receipts aggregate \$202,660.53. It has over 5000 telephones in service, 5341 electric customers and 5588 water customers. It has over 32 churches, 4 theatres, 3 hospitals, 1 public library with over 7,000 volumes, a broadcasting station, a fine municipal stadium, excellent hotels, a fine, Y. M. C. A., a beautiful Country Club and golf course.

Bristol has a well supported Chamber of Commerce, alive to public needs and earnestly solicits inquiry from potential industries, tourists and people who are looking for a fine place to make their home. Gladly answers all inquiries. If you are interested in further facts regarding Bristol, write Bristol Chamber of Commerce.

Introduction

NATIONAL DIRECTORY COMPANY, publishers of your city directory, take great pleasure in presenting this new edition to the general public. Trained solicitors and enumerators worked diligently, in the preparation of this edition and we are confident that this directory contains authentic and useful information.

We have faith in the continued growth of your city and believe that our directory will fill a niche in the advancement of the community. The excellent directory which your city and community now has is the result of hard and efficient labor and we believe that it is capable of meeting modern business requirements.

FIVE DIVISIONS OF THE DIRECTORY

The principal divisions of this volume contain the following information:

1. THE MISCELLANEOUS DIRECTORY contains useful information concerning the national, city and county governments.

2. THE BUYER'S GUIDE AND CLASSIFIED BUSINESS DIRECTORY contains display space concerning the leading business firms of the city, the names of all business firms, professional people, properly classified, with the names of distributors of national brands of merchandise.

3. THE NUMERICAL TELEPHONE DIRECTORY contains telephone numbers arranged in numerical order.

4. THE HOUSEHOLDERS DIRECTORY AND TELEPHONE STREET GUIDE contains an alphabetical arrangement of the streets and avenues, gives the names of all householders arranged in numerical sequence and the telephone number of each house.

5. THE ALPHABETICAL DIRECTORY contains the data concerning the individual. The wife's name is given in parentheses, and the number of dependents under 16 is shown as well as home ownership. The place of employment, home address and most convenient telephone numbers are also given.

THE SUPPLEMENT EDITION

The supplement edition has a guaranteed home circulation that is delivered to the homes free of charge. Every advertisement appearing in the city directory also appears in the home supplement.
