IN ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.

CAUTION

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

EMPLOYED

HUSBAND'S NAME

HOW TO KNOW WHETHER A WIFE IS EMPLOYED...AND WHERE SHE WORKS

This vital information may be secured instantly from your City Directory. Every person of Directory listing age (18 years and over) is listed, including both men and women. The wife is listed with her husband, and also is listed separately if steadily employed.

Only **BRIKCRETE** Combines These Six Values

BEAUTY

Color to suit your taste. Streamlined styling. Pleasing proportions. Large units, narrow mortar joints.

PERMANENCE

Brikcrete builds an all-masonry wall, 8" thick, and without any lumber. It is the world's finest masonry.

SAFETY

Being masonry, Brikcrete is highly fire-resistant and termite proof. Better able to withstand the ravages of the elements.

COMFORT

Brikcrete has self-contained insulation properties. Warmer in winter, cooler in summer, than brick. Water and moisture resistant.

STRENGTH

Many laboratory tests prove Brikcrete to be many times as strong as normal conditions require.

ECONOMY

Actually cheaper than lumber in first cost, and far lower in depreciation and maintenance costs.

Visit our plant and see Brikcrete.
Bring your plans and get estimates.

WHY A BUYERS' GUIDE?

IT IS CUSTOMARY TO INCLUDE A BUYERS'
GUIDE IN THE CITY DIRECTORY BECAUSE:

It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.

★ The Buyers' Guide is a necessary supplement to the regular listings; it is good City Directory information . . . EXTENDED ★

WHY A BUYERS' GUIDE?

IT IS CUSTOMARY TO INCLUDE A BUYERS' GUIDE IN THE CITY DIRECTORY BECAUSE:

It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.

★ The Buyers' Guide is a necessary supplement to the regular listings; it is good City Directory Information . . . EXTENDED ★
